We proceeded under Article 2.

The Finance Committee appointed at the Annual Town Meeting brought the following report and recommendations, as read by Hayden E. Cheney.

Your Committee met at the Selectmen's room Thursday evening, March 16, 1933 and organized with the following results:

Hayden E. Cheney of Newton Junction was elected Chairman and James F. Lorenz of Lower Village was elected Clerk. As one member appointed to the Committee declined to serve it was voted to carry on the business with eight members present. The Board of Selectmen were in attendance at this meeting at the request of the Committee.

The meeting was taken up with a general discussion of the purpose and duties of the Committee, resulting in the following recommendation:

"That the original motion creating the Committee be withdrawn and one offered in its place which would more clearly define the personnel and duties of the Committee also providing for its permanent quota. A vote was taken that the three members from each village draw lots to determine their respective positions on the Committee with the following results:

- William T. Illsley, serve ..... 2 years
- Hayden E. Cheney, serve ..... 3 years

This Committee to be known as a Finance Committee whose duty shall be to discuss the Town and School Warrants, assist in preparing the Town and School budgets and such other duties as may be later determined and to offer such recommendations as they shall deem advisable to the voters at the Annual Meeting. Also that this Committee serve without pay."

Report of Health Officer

Year Ending December 31, 1933

There has been no epidemic except a mild type of influenza of which no cases were reported by physicians to the Health Officer.

One regrettable nuisance has continued throughout the year in spite of posted warnings, and while I have attempted to learn the names of persons committing such, have been unable to, in fact it would take a corps of officers to catch the persons throwing rubbish and garbage from automobiles on to the highways. If such persons are residents of this town I hope they will have civic pride and decency to discontinue such acts. Since the close of the year I have stopped and warned the driver of a garbage truck from Haverhill to the "piggery" who was loading his truck in such a manner that it was strewing much garbage on the road and also notified the Haverhill Health Agent of such conditions and asking his co-operation in putting a stop to same.

There have been reported:

Dog bite, two cases. Head of one dog sent to State laboratory for examination for rabies.

Pneumonia, two cases.

Chicken pox, one case.

Investigated one complaint of unsanitary conditions in home and found no cause.

Examined piggery and found condition fair for an institution of that kind.

HENRY L. BURBECK,
Health Officer.

Report of Superintendent of Schools

To the School Board and Citizens of Newton:

It is with pleasure that I submit my seventh annual report as Superintendent of the Newton Schools.

Following will be found interesting and encouraging reports which are given by Mrs. Eva Thompson, Supervisor of Music, and Miss Helen Thomas, the School Nurse.

This Union, of which Newton is a member, is comprised of the school districts of Salem, Hampstead, Atkinson, Plaistow, and Newton which is arranged by the State Board of Education acting under the school law of 1919 by which the entire state, exclusive of cities, was divided into unions for supervisory purposes. By this law the School Boards of the districts comprising a union form a joint board which meets annually and nominates a superintendent of schools who is elected by the State Board.

The enrollment of pupils in our school this past year was 151 which represents a decrease of 5 from last year. The attendance averaged 94.34% of the membership. The average for the state for this period was 95.13%.

Two changes have taken place in the teaching staff since my last report. Both of these were at Rowe's Corner School. Mrs. Gladys Downing resigned as teacher in the Pirmary room and Miss Alice Whitman was elected. Miss Ruby Gustafson resigned

as teacher in the Intermediate room and Mrs. Loleta Palmer was elected to fill the vacancy.

The excellence of the work of our teachers is confirmed by the results of our Standard Tests given this year. That there may be a uniform rate of progress along a definite course, the State Program of Studies has been carefully followed. By a chart of this kind we are assured of no duplication of effort and of a similar method of instruction between teachers as pupils pass from grade to grade.

Fourteen pupils were graduated from the 8th grade. The medal given by the Sons of the American Revolution for good citizenship was awarded to Edna York.

Twenty-seven boys and girls from this town are attending High School this year. Twenty one are at Sanborn, four at Robinson Seminary, one at Haverhill, and one at Merrimac. The number next year will be considerably larger.

During the Summer a much needed coat of gravel was applied to the yard at the Junction School. The Junction and Village Schools are in need of inside painting. Application has been made for CWA funds with which to do this work. We hope such funds may be available. We also hope that the time is not far distant when it will be possible to install modern toilets at the Junction School.

During the last ten weeks of last year and again this year, one-half pint of milk has been furnished to children in need of milk. This milk has been paid for by funds furnished by the Federal Government. Forty nine children are now receiving milk. The children receiving this milk have shown improvement in health.

The local chapter of the American Red Cross has contribtued funds with which to provide children with glasses and other necessities.

The Village and Rowe's Corner teachers were asked to exhibit school work at the annual fair of Eclipse Grange. Teachers availed themselves of the opportunity and placed on exhibition work covering all subjects and studies. The school exhibition provided parents with an excellent opportunity to inspect the classroom accomplishments of the children. This was particularly interesting to parents who find themselves unable to visit the schools.

November 6-12 was observed as American Education Week in our schools. An invitation was extended to all parents to visit schools during that week. Practically all of the afternoon sessions were visited by a large number of interested parents. The visits not only made it possible for parents to find out what their children were accomplishing in the classroom, but also to see how our schools are conducted today. It is our wish that more parents avail themselves of opportunities to visit the classroom in order that they may have a closer contact with the schools.

The Village School has been equipped with a radio. This has been purchased with funds earned by the schools. Through the American School of the Air a thirty minute period is conducted on school days by experts in one of the departments of Geography, History, English Literature, Science, Music or Art. Since these broadcasts frequently correlate with our daily programs and with the pupils study and preparation, they supplement to advantage the regular classroom work.

I wish particularly to call attention to the re-

port of your school nurse. Circumstances of the present have rendered her in many ways a community nurse as well as a school nurse. She has been effiicent in securing means and co-ordinating the efforts of local and outside agencies for Communnity Aid.

The work of the teachers and school administration is not made less by a business depression. On the contrary it is increased. In most places there are more children rather than fewer to be cared for in the public schools. They present by reason of the depression more serious problems of adjustment and education. The need for the service which the school can render is greater than ever.

The emphasis of present day education should be on preparing pupils for successful and happy careers by stressing fundamental character traits, such as carefullness, co-operativeness, willingness to work, loyalty, honesty and open minedness. The teacher must be an inspirer as well as a drill master.

The American public schools will carry on because it possesses that which business, banking concerns, industrial concerns, and even governments have long sought after namely the confidence of the public. In addition to this it possesses the faith of innumerable parents who believe that through education their children may be led into fields of greater opportunities and greater service to humanity.

In conclusion I wish to thank the School Board, teachers, and citizens for their support and co-operation.

Respectfully submitted,

WILLIAM J. NELSON,
Superintendent of Schools.

Report of Supervisor of Music

To the Superintendent of Schools:

I have the honor to submit my annual report as Supervisor of Music in the Newton schools. In looking back upon the year's work I find in every case co-operation and pleasant classroom associates.

During the past year music education in our schools has shown advancement which has been most gratifying. In the primary grades a repertoire of beautiful songs induces a love of music, and develops a good singing tone. Note reading was introduced in the second grade. In the intermediate grades a true sense of harmony is developed through two-part singing. In grades seven and eight, still richer harmony is experienced through three-part singing.

Musical appreciation is being carried on effectively with the help of the radio and Victrola. The intermediate and upper grade pupils study the choirs and instruments of the symphony orchestra.

On November 28 the operetta "Paints and Patches" written by Sarah Grames Clark and Arthur A. Penn was presented by the children of grades five through eight. The combined Rhythm Bands played two selections before the operetta. The affair was well received and successful financially.

For the co-opeartion afforded me in my work, I extend my thinks to you and the teachers.

Respectfully submitted,

EVA W. THOMPSON.
